“Love is Hard”

You bring me happiness,

But I know loving you is dangerous.

I don't blame you,

I don't want to sound jealous,

I don't want to be scared anymore.

But what are you waiting for?

What are you down for?

I know you bring me pure happiness,

But I'm questioning if you want me anymore,

And that's dangerous.

That may make me sound jealous;

But it's me, not you.

I still want you.

What have we done this for?

I'm not jealous.

Loving you that's dangerous,

I just want happiness.

So you don't want me anymore,

Why don't you want me anymore?

I want you,

We are dangerous,

But you're worth waiting for.

It doesn't make me jealous,

I just want happiness.

I'm not jealous,

I just can't see why you don't want me anymore,

I just want happiness,

I want it with you.

So what are you waiting for?

I know it's dangerous,

Love is dangerous,

It can make you crazy and jealous.

It is worth waiting for,

Unless they don't want you anymore.

I don't blame you,

You just wanted happiness.

It's not always what you hope for, It's dangerous,

All you want is happiness, It'll make you jealous.

Sometimes you don't want it anymore, I don't blame you.
